

JUNE 2023

EARNING *Respect* THROUGH WELLTH!

UPDATED WITH
MONTHLY SCHEMES

My Dear Vestigians,

I extend my hearty greetings to all of you for helping Vestige triumph and success. Since its inception, Vestige has nurtured robust infrastructure and a diverse product portfolio that has consistently empowered individuals. This has helped us reach new heights, thanks to you and your diligence. I am sure, at this pace, Vestige will reach such peaks of success that no other Indian direct-selling company has even dreamt of.

Our increasing global presence and our continuously expanding product portfolio testify that Vestige is not going to stop at any point but raise the bar continuously to achieve more. It is this desire to achieve more that drives a person or an organisation towards success. We at Vestige never feel content with our achievements and this is a reason that we never stop surpassing records set by ourselves.

Dear Vestigians, on the auspicious occasion of Vestige's 19th anniversary, we extend our heartfelt gratitude and appreciation to our dedicated distributors who have played an instrumental role in building Vestige's legacy. Over the years, everyone has exemplified unwavering commitment, passion, and resilience, driving Vestige's success and transforming countless lives around the world. Besides, it is the relentless efforts and belief that have strengthened our bond, making us a trusted household name in the industry. As we celebrate this milestone, we express our profound admiration for the remarkable achievements like empowering individuals with wealth, providing economic independence, and making everyone's future healthy. Together, let us continue to forge ahead, creating a legacy of health, prosperity, and shared success for many more years to come.

My dear Vestigians, we have one life and so much to achieve. You have already done some incredible things that are unprecedented in the direct selling industry. Now we have to do more, we have to double our efforts so that Vestige can become the world's topmost direct selling company. We have sailed amidst rough weather and faced tough situations to become a veteran player. Now, nothing can be considered impossible for us in Vestige as we ought to bring changes that no one has ever seen in this industry. I hope to see you on higher peaks of success in the future, which inevitably belongs to Vestige.

Wish You Wellth!

Gautam Bali

Managing Director

Growing Globally

Vision

To help people live a life of economic independence on their own terms.

Mission

To grow to a global scale and become the benchmark in direct selling industry.

The Triumphant March of Wellth

When the Indian direct-selling industry started its journey in the 1990s, it was dominated by a few foreign companies whose plans and products didn't connect well with the unique demand of the diverse Indian market and the entrepreneurs who took up direct selling as a career.

One of the pioneers of Indian direct-selling industry, Gautam Bali took upon himself the task of finding a sustainable solution that can empower direct sellers to experience a total transformation, both in terms of wellness and financial security. His thoughts were translated into action when Mr. Bali, along with two seasoned direct selling experts, Kanwar Bir Singh and Deepak Sood, developed a robust business plan and founded Vestige in 2004, a company that brought a wellness revolution in the Indian direct-selling industry.

Now, after 19 successful years of excellence, Vestige is considered a pioneer in blending wellness with financial freedom in India. Vestige is famous for world-class wellness products and its marketing plan. This innovative and accumulative marketing plan of Vestige and its focus on wellness triggered the quest for Wellth; wealth earned through wellness.

Vestige has built a remarkable legacy of trust, vision, and service, that has helped in earning the unwavering confidence of its distributors. Owing to its steadfast commitment to quality products and a focus on empowering individuals, Vestige has become a trusted name in the industry. As we move forward, Vestige stands prepared with all the necessary tools and resources to create a healthier future for everyone, ensuring well-being and vitality in the days to come.

Vestige is taking the gift of Wellth globally and helping people live a better life. Thousands of aspiring entrepreneurs are prospering every year through the route of Wellth and earning respect in the society.

The background of the entire page is a photograph of two people jumping joyfully on a beach at sunset. The sun is low on the horizon, creating a bright orange and yellow glow that reflects on the wet sand. The silhouettes of the two people are clearly visible against the bright sky. The person on the left is wearing a long-sleeved shirt and pants, while the person on the right is wearing a short-sleeved shirt and shorts. Both have their arms raised and legs spread wide in a jumping pose.

Health Care

Being healthy is important because it can help a person have a healthy heart, better muscles, stronger bones, a sense of well-being and a better social life. Eating right and correct exercising will lead to overall better health. When exercise and healthy eating are achieved on a daily basis, people tend to feel better about themselves. While the spectrum of health problems resulting from calorie-protein undernutrition is different from the "empty-calories" overfeeding, both can have devastating consequences on both quality of life and longevity.

So, Vestige brings a range of products to fulfil the daily gap of nutrition for an individual. The range consists of health supplements for healthy immunity, cardiovascular system, glycemic health, detox, rejuvenation, women health, fitness and for healthy bones and joints.

This range of supplements from Vestige enables people to live a qualitatively better healthy life and step into the world of wellness.
